1. On Point 1007<sup>1</sup>, near Jachymov, in the former Plesivec Restaurant, there is a school for uniformed StB members.
2. Training in the school lasts for three months. The courses are both theoretical and practical. The average number of students is 20, including both men and women. The students are usually enlisted StB personnel; they leave the school as non-commissioned officers.
3. While undergoing instruction, the students are not allowed to leave the school.
4. In the building containing the school, there is a jamming station which operates against Western broadcasts. About ten meters north of the building there is an aerial with masts about 20 meters high and a distance of 35 meters apart. A double aerial hangs between the two masts.
5. On the main road leading to the building and about one kilometer north of it, in the direction of Abertamy, a warning notice is posted, forbidding access to the building. However, the site is not guarded at all.
6. The mast of the jamming station can be seen from the road between Jachymov and Bozi Dar.

1.  Comment. Possibly the Point 1007 located about two kilometers east-southeast of Hengstererben (N 51/K 61).
